Professional Summary

Computer Science Engineering graduate with hands-on experience through internships and startup projects in Full Stack Development. Skilled in Java, React.js, Next.js, NestJS, SQL, and PostgreSQL. Passionate about building scalable web applications, solving complex problems, and continuously learning modern technologies. Seeking an opportunity to contribute technical skills, solve real-world problems, and grow as a Software Engineer.

Technical Skills

Programming Languages: Core Java, JavaScript, TypeScript, SQL

Frontend Technologies: HTML5, CSS3, React.js, Next.js, Tailwind CSS, Material UI

Backend Technologies: Node.js, NestJS, REST APIs, Swagger

Databases: MySQL, PostgreSQL, TypeORM

Tools: Git, GitHub, Postman, VS Code

Cloud & Deployment: Docker (Basics), AWS (Basics)

Core Concepts: Object-Oriented Programming (OOP), DBMS, REST API Development

Experience & Internships

Full Stack AI Developer — My Soaring

June 2025 – Present

- Developed 3+ responsive web applications using React.js and NestJS.
- Built reusable UI components and integrated multiple REST APIs for scalable applications.
- Improved application performance, responsiveness, and code maintainability.

Frontend Developer Intern — Round's Edge Technology, Coimbatore

2 Months

- Assisted in developing frontend interfaces using modern web technologies.
- Improved UI consistency and responsiveness across multiple devices.

Full Stack Developer Intern — LearnX (Online)

2 Months

- Worked on full stack development including frontend implementation and backend integration.
- Gained hands-on experience in building, testing, and debugging web applications.

Projects

Edumee Web Application — React.js, NestJS, PostgreSQL, TypeORM

- Developed responsive dashboard modules and integrated REST APIs.
- Implemented authentication, Zustand state management, and Joi validation.
- Improved application performance using reusable components and atomic design structure.

Sumarg Web Application — React.js, NestJS, Tailwind CSS

- Worked on frontend and backend CRUD operations.
- Developed responsive UI components and integrated REST APIs.
- Ensured mobile responsiveness and cross-browser compatibility.

My Soaring Company Website — React.js, Tailwind CSS

- Built and maintained responsive company website pages.
- Improved SEO, website speed, and overall UI responsiveness.
- Developed reusable components and interactive UI sections.

Personal Portfolio Website — React.js, Material UI

- Developed a responsive portfolio website to showcase projects and skills.
- Built reusable UI components using Material UI.
- Optimized performance and mobile responsiveness.

Education

B.E. Computer Science and Engineering - 79%

Park College of Technology, Anna University, Coimbatore

2022 – 2026

Higher Secondary (12th) - 69%

Government Model Higher Secondary School

2021-2022

Secondary School (10th) - 69%

Government Higher Secondary School

2019-2020

Certifications & Achievements

- Full Stack Developer Internship Certificate – LearnX
- Frontend Developer Internship Certificate – Round's Edge Technology
- Python Internship Certificate – NSIC, Chennai
- Participant – KGISL MERN Stack Hackathon
- Participant, 2-Day Workshop on Cyber Security using Deep Learning
- Idea Sphere Coordinator (Institution Level)
- Awarded Best Student – Academic Excellence
- Awarded Best Outgoing Student – Park College of Technology

Additional Information

Languages: Tamil, English, Telugu (Conversational)

Strengths: Problem Solving, Fast Learner, Time Management, Team Collaboration
